

KIPP CADDY - A PRODUCT OF THE SEARCH

**WINTER WETSUITS 21/22**

**THE ICON OF...  
TRADITION, QUALITY & RESPECT.**

Products that bare this logo must perform to the highest standard, to function well beyond our customer's expectations.

To achieve this, Rip Curl owns world leading wetsuit Research and Development, Manufacturing and Service Center Facilities.

It's the lengths we go to that make the difference.

JACOB WILCOX

# THE WORLD LEADERS IN WETSUIT R&D, MANUFACTURING AND SERVICE.

Rip Curl prides itself on the quality of product that we deliver to the market. A products must perform for the user in the manner that it was designed to, and nothing pleases Rip Curl more than introducing new technologies or intellectual property that improves function and performance beyond current standards.

## 1. OWNED RESEARCH & DEVELOPMENT

Rip Curl owns its research and development centers undertaking the most extensive and advanced R&D program in surf wetsuits to innovate and test our products.

Rip Curl has introduced more developments in surf wetsuits than all other surf brands or manufacturers combined.

Rip Curl will only release wetsuits to market once they have completed and passed our stringent product testing program and comply with our high performance standards.

## 2. OWNED MANUFACTURING FACILITIES

Rip Curl owns state of the art manufacturing facilities and has developed extensive techniques and procedures to ensure that Rip Curl makes the Ultimate surf wetsuits.

## 3. OWNED SERVICE CENTRES

Rip Curl owns its service centres worldwide in order to deliver the best service to our customers. This allows us to run the longest warranty on the market:

- 3 years on stitching
- 1 year on all other materials
- 3 month on accessories

MICK FANNING - 3X WORLD SURFING CHAMPION

# FEATURES AND BENEFITS GUIDE

Rip Curl wetsuits are constructed using an extensive range of technologies and materials offering the best in quality, performance, and warmth.

## FOAMS

 <p>The bench mark in stretch performance neoprene. An additional 20% more stretch lighter and warmer than E6.</p> 	 <p>20% more stretch, lighter and warmer than E5.</p> 	 <p>Uses raw materials such as sugar cane, oyster shells, rubber tree and plant oil and is a USDA certified biobased product.</p> 	 <p>30% more stretch, lighter and warmer than E4.</p> 	 <p>30% more stretch, lighter and warmer than E3.</p> 	 <p>Our base performance light weight stretch neoprene with high durability properties.</p> 	<p>MESH SKIN</p> <p>Smooth mesh panels that absorb solar heat and reduce wind chill.</p> 
---	--	--	--	--	--	--

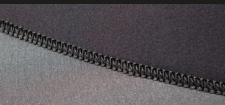

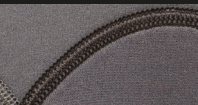

## LINING

 <p>A revolutionary neoprene that generates heat when stretched. As you move through the water, the Flex Energy lining will activate and heat your wetsuit. Stay active, stay warm.</p> 	<p>FLASH/LINING</p> <p>Flash Lining that is exclusive to Rip Curl. Further improved drying properties for Ultimate warmth and comfort. The world's fastest drying wetsuit.</p> 	<p>THERMO LINING</p> <p>Provides high stretch and warmth.</p> 
--	--	---

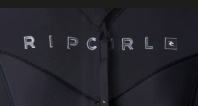

## TAPE

<p>FLASH LINING TAPE</p> <p>E7, E6 &amp; E5 Flash Lining High Stretch hand tape for Ultimate comfort, stretch and performance.</p> 	 <p>TAPE</p> <p>Benchmark stretch for unrestricted performance.</p> 	 <p>TAPE</p> <p>High stretch and performance.</p> 
--	--	--

## STITCHING

<p>GLUED &amp; BLIND STITCHED</p> <p>Triple glued, double stitched seam does not fully penetrate neoprene allowing for a waterproof seam with high stretch and comfort.</p> 	<p>E-STITCH</p> <p>Lightweight, super stretch.</p> 	<p>FLATLOCK</p> <p>Six-needle stitch for a breathable, durable seam.</p>

## ENTRY SYSTEM

<p>ZIP FREE ENTRY SYSTEM</p> <p>Zip Free technology offers light, unrestricted performance and efficient design for maximum stretch, warmth, and comfort.</p> 	<p>CHEST ZIP ENTRY SYSTEM</p> <p>Easy top-entry system with lightweight zipper for chest zip closure. ZipJULup for low profile, no blow outs.</p> 	<p>BACK ZIP ENTRY SYSTEM</p> <p>Easy entry system - Adjustable collar - Water resistant steel head zipper with engineered offset teeth and urethane coating.</p> 
---	---	--

## RIP CURL WETSUITS - THE LEADERS IN OCEAN TECHNOLOGY.

**WITH 50 YEARS OF FIRSTS AND SETTING STANDARDS  
FOR OUR COMPETITORS TO FOLLOW.**

Rip Curl began making wetsuits in 1970 for the simple reason of catching more great waves and to surf better. This quickly formed the foundations for Rip Curl's commitment to make the best wetsuits possible.

The Rip Curl Wetsuit logo is now regarded as a mark of tradition, quality & respect.

Products that bare this logo must perform to the highest standard and exceed our customer's expectations...

Rip Curl has repeatably set the industry standards of wetsuit design, function and performance.

Today the list of firsts reads like a checklist of features that surfer's now comes to expect. Lucky for Rip Curl's commitment to surfing as we can now all enjoy theses features:

### RIP CURL TIMELINE

#### 1971 - UNDER ARM GUSSETS

Removing the seam from the armpit allowed for increased performance but is famous for removing painful chafing of the armpit.

#### 1972 - DOUBLE LINED NEOPRENE

Rip Curl's introduction of double lined neoprene to surfers brought durability to wetsuits that didn't previously exist. Now wetsuits would last more than a few surfs before the knees and other areas would rub through.

#### 1974 - SHOULDER ZIPS

For greater warmth and flexibility. Removing the Zip from the back panel resulted in increased flexibility and warmth. The concept is alive and well today in our latest E-Bomb Chest Zip suits.

#### 1974 - MULTI THICKNESS NEOPRENE

Multi-thickness neoprene came from recognising the simple fact that thinner neoprene in particular parts of a wetsuit allows easier movement. Previously suits came in one thickness all over.

#### 1978 - BLINDSTITCHED SEAM

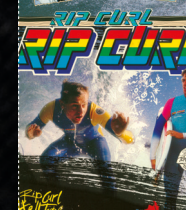

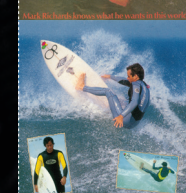

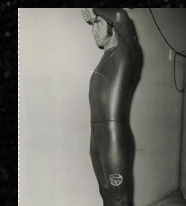

Increased comfort, warmth and durability it has now become one of the most common used forms of stitching in all wetsuits – particularly cold water wetsuits.

#### 1982 - SUPER XPANDX

Beginning of the push for higher stretch neoprene.

#### 1984 - AQUABAN SEAM LIQUID TAPE

Sealing of the seam for increased warmth.

# E7

## ULTIMATE STRETCH & WARMTH

### FEATURES

#### NEW E7 FLASH/LINING

100% E7 Flash Lining that is exclusive to Rip Curl.  
It has an incredible 20% more stretch than E6 Flash Lining.  
Further improved drying properties for  
Ultimate warmth and comfort.

#### FLEX ENERGY

A revolutionary lining on the back and shoulders that  
generates heat when stretched. As you move through the water,  
the Flex Energy lining will activate and heat your wetsuit.  
Stay active, stay warm.

#### SINGLE SEAM CRUTCH

No seam to sit on and increased stretch.

#### UNBROKEN PANEL

Back and shoulders, to maximise paddle efficiency  
and ease of movement.

## ACCESSORIES

# FLASH BOMB

WORLD'S FASTEST DRYING WETSUIT

### 1) WORLD'S FIRST SUPER THIN SOLE

Single layer 0.6mm sole for Ultimate feel without compromising durability.

### 2) SLIDE ON SYSTEM (SOS)

In-built achilles strap stops bunching, helping the boot slide on more easily.

### 3) STITCHLESS COMPRESSION STRAP

Minimises water entry and reduces lateral foot movement.

### 4) RUBBERIZED OUTSOLE STRUCTURE

Increased arch support and shape provides superior fit and feel.

### 5) FLASH LINING

100% Flash Lining provides increased stretch, warmth and comfort.

### 6) NEW E5 TAPING

Provides increased stretch for easy entry and increased seam seal.

## UPF 50+ RATED AS EXCELLENT SUN PROTECTION

TESTED AND RATED IN  
ACCORDANCE WITH AS4399:2020

GABRIEL MEDINA - 2X WORLD SURFING CHAMPION

## UV RASH VESTS

The highest quality materials are utilized in the construction of Rip Curl's UV Tee range. Because fabric weight, weave and colour can vary in their performance properties and sun protection qualities, constant testing means we can certify the quality of all the materials we use.

## FIT GUIDE

### PERFORMANCE FIT

Designed to be worn fitted, reducing drag and increasing efficiency in the water.

### RELAXED FIT

A slightly more relaxed fit for easy-wear, everyday comfort.

### T-SHIRT FIT

Designed using a traditional t-shirt block, offering maximum comfort and a casual look and feel.

## ICON DESCRIPTIONS

### UPF 50+ RATED AS EXCELLENT SUN PROTECTION

#### UPF 50+ SUN PROTECTION

Not all UV protection garments are the same. We ensure that all our materials are laboratory tested and certified as having a 50+ UPF rating which is the highest UV protection rating available.

The UPF rating applies only to the area of skin covered. Protection may be reduced if the material is wet, stretched or from the effects of normal wear or exposure to chemicals. For best sun protection use hats, clothing that provides maximum skin coverage, sunglasses, sunscreen and shade.

#### CHLORINE FRIENDLY

The pool is a great place to use Rip Curl UV Tees. Chlorine is a strong chemical that jeopardises the integrity of the elastane in the garment.

Rip Curl now offers selected garments in Chlorine Friendly material, which will keep their structure, shape and performance even when worn in Chlorine swimming pools.

#### MADE WITH SUSTAINABILITY IN MIND

Designed to offer our customers an environmentally conscious range of quality surf products, Saltwater Culture is made with sustainability in mind.

# E7

## ULTIMATE STRETCH & WARMTH

### FEATURES

#### NEW E7 FLASH/LINING

100% E7 Flash Lining that is exclusive to Rip Curl.  
It has an incredible 20% more stretch than E6 Flash Lining.  
Further improved drying properties for  
Ultimate warmth and comfort.

#### FLEX ENERGY

A revolutionary lining on the back and shoulders that  
generates heat when stretched. As you move through the water,  
the Flex Energy lining will activate and heat your wetsuit.  
Stay active, stay warm.

#### SINGLE SEAM CRUTCH

No seam to sit on and increased stretch.

#### UNBROKEN PANEL

Back and shoulders, to maximise paddle efficiency  
and ease of movement.

<b>TOTAL</b>		

## USING THE WARRANTY

### MUST BE SUPPLIED TO VALIDATE WARRANTY :

- The proof of purchase
- A cleaned, disinfected and dry wetsuit, inside and outside (a charge will be applied to clean it up if needed).

### THERE ARE 2 WAYS TO USE THE WARRANTY :

- Return to store : Go back to your local Rip Curl dealer, they'll send your suit to a Rip Curl service centre. You must have proof of purchase (receipt or invoice).
- Rip Curl Wetsuits Repair Service : Send it back to Rip Curl by certified mail, along with proof of purchase (receipt or invoice).  
Your wetsuit will be returned to you as soon as possible free of charge (if covered under warranty).

### REPAIR WORKSHOP : OUT OF WARRANTY

Our Service Center will also repair Rip Curl wetsuits that are out of warranty at a minimal cost. All repairs come with a 3 month workmanship warranty.

Must be supplied for repair:

- A quote done by your wetsuit dealer, using the repair slips and price list.
- Every non quoted repairs won't be fixed
- Without any quote the repair will be done and charged without any warning.
- A cleaned, disinfected and dry wetsuit, inside and outside (a charge will be applied to clean it up if needed).

# GENERAL TERMS & CONDITIONS OF SALE

Applicable as of June 2014

## 1-General provision

These General Terms & Conditions of Sale («the Terms & Conditions») apply to each and every order for merchandise placed by a customer («the Buyer») and accepted by RIP CURL Europe SAS («the Seller»). No other conditions or clauses submitted by the Buyer shall apply to the order, unless with the express written agreement of the Seller. Every order issued implies that the Buyer unreservedly accepts these Terms & Conditions.

## 2-Orders

The Seller differentiates between two types of order: pre-season orders and restocking orders (hereafter jointly referred to by the term «Order»). All orders must be drawn up on our order form and signed by the Buyer. Orders will only be accepted once an order confirmation has been issued summing up notably product quantities and designation, delivery and invoice address, price and payment conditions, as well as the scheduled delivery periods. No orders may be canceled by the Buyer once they have been accepted by the Seller, unless with the express written agreement of the Seller. This agreement is then subject to the Buyer compensating the Seller in full for any losses (including any financial losses, mainly the total amount of the Order), damages, fees and any other expenses incurred due to the cancellation by the Buyer.

## 3-Delivery

By delivery, we mean the handing over of the merchandise - to the Buyer - at the address indicated on the order form and the order confirmation form. Delivery dates are only given as an indication knowing that these dates are reasonable delivery times taking our delivery commitments into consideration. We reserve the right to deliver the remaining goods of the order within 4 weeks from the week initially indicated on the order form. We reserve the right to choose the carrier unless we receive a specific request from our customer and which is confirmed on the order confirmation.

## 4-Dispute

Should damage occur during the transportation, and we have not delivered the goods, it is the receiving party's responsibility to bring action against the carrier in accordance with articles L133-1 et seq. of the French Code of commerce. Should there be a dispute on the arrival of the goods, it is absolutely necessary for the merchandise to be inspected in the presence of the driver and «open box» (damaged, re-taped) must be indicated on the delivery slip. The customer must advise the carrier by registered letter with acknowledgment of receipt within 3 days after the delivery date (holidays not included) specifying the missing goods. The Buyer must also notify us by registered letter with acknowledgment of receipt within 24 hours after receiving the goods if any goods are missing according to the delivery form independent of any damage. We will then proceed with a verification. Should we deliver the goods ourselves, complaints must be filed at the time of delivery.

## 5-Warranty

Complaints concerning the quality of the goods, except for any transportation disputes, must be filed immediately upon delivery or when withdrawing the goods on our premises if there is a visible defect and within 8 days of the said delivery or withdrawal if there is a defect which is not immediately visible. In such cases, the Buyer must then return the goods for verification once it has received approval by our department for a return form. Without this return form, we will refuse to accept the goods even if delivered on site, they will be immediately returned to the sender at their expense. Receipt of these goods by our Company does not imply acknowledgment of the defects indicated by the Buyer, these goods will undergo a verification and we will then determine if the defects actually exist. If we acknowledge these defects, our warranty will be limited to the replacement of the goods and we will not be liable for any other loss or damage sustained by the Buyer. Under no circumstances will we be liable beyond the responsibility of our own suppliers.

## 6-Price and billing

Any change, either in rate or in the nature of the fiscal taxes applicable to our sales will be enforced, from their legal date of application having repercussions on the prices that we give to our Buyers and also for current orders. The unit price before tax invoiced for each of our goods will be the one on our price lists, keeping in mind that we reserve the right to change our prices at any moment without prior notice.

## 7-Payment

Payments are to be made to SAS RIP CURL Europe, 407 Avenue de la Tuilerie, 40150 HOSSEGOR, France. Invoices are to be paid within 60 days of the date indicated on the invoice. Cash payments, which must occur within 10 days of the date indicated on the invoice, give rise to a 2.5% discount. Repairs as well as custom-made wetsuits will be sent by cash on delivery (unless under warranty). All pre-season orders over €2500 exc. tax will be sent postage paid. All pre-season orders below €2500 exc. tax will be sent carriage forward and cash on delivery. All restocking orders over €300 exc. tax will be sent postage paid. All restocking orders below €300 exc. tax will be sent carriage forward and cash on delivery. In the case of any late payment, the postage paid will become carriage forward and the discount refused. To refuse a bill of exchange or the non-payment of a bill at its payment date will immediately allow us to claim complete payment without prior notice. Such refusal or failure to pay, automatically cancels all current deals and orders and will free us from our obligations. Late payment fees shall be applied at 3 times the legal interest rate in the event of late

payment of all amounts due at the repayment date, as well as a lump sum of €40 as per the conditions of articles L441-6 and D441-5 of the French Code of Commerce (law No. 2012-387 dated 22/03/2012). In addition, any incident or late payment may also lead to the payment of a lump sum of €100 exc. tax as a penalty clause in accordance with articles 1152 and 1226 of the French Civil Code. If, for a previous Order, the Buyer breached one of their obligations (non-payment or late payment, for example), we may refuse to book a new order, unless this Buyer submits sufficient guarantees or a cash payment. Discounts for cash payment or advanced payment will not be allowed. For a deal before or during the delivery, we reserve the right to claim from the Buyer payment guarantees for the price of the supplies sent or to be sent and to terminate the transaction should the Buyer refuse to produce such evidence. All the payment terms are confirmed in writing by our headquarters and are indicated on our order confirmations. We reserve the right to deliver certain Buyers cash on delivery or once we have received the payment by check confirmed by our bank. We reserve the right to change at any moment the payment terms applied to a Buyer in order to take into account financial information that may be obtained by our departments concerning a Buyer. In the event a Buyer should refuse the change of their payment terms, we will be entitled to cancel any Order yet to be delivered.

## 8-Retention of title

All goods delivered by our Company will remain our property until full payment of the amount due (French law date 25/01/85). If the Buyer fails to pay, the Buyer shall refrain from selling their stocks up to the quantity of the products for which payment has not been received. However, the responsibility of risks for damage, loss, or theft of the merchandise will be transferred to the Buyer once delivered. The Buyer must therefore be insured to cover these risks. In the event the Buyer is subject to insolvency proceedings, the Seller reserves the right to claim the sold merchandise according to the legal provisions and regulations in force.

## 9-Return of goods /exchanges

Goods may only be returned with our approval, a return authorization will then be issued, no exceptions will be made and without this approval, your package will be refused. Goods are to be returned in their original condition, that means new (ironed, folded, bagged, if necessary). Otherwise, we will decrease the overall value of the goods. Returns by carriage forward will be refused.

## 10-Re-exportation / Retrocession

It is strictly forbidden to re-export our products. Retrocession of our products is forbidden, the merchandise is exclusively intended to be sold on the delivery location indicated on the order confirmation. The Seller must be informed in advance of any sale of our products on an Internet site, in order for us to ensure that the said Internet site does not present the merchandise in conditions which conflict with our brand values, or in conditions that would undermine the image of our products, in relation to their quality or technical nature. The Buyer recognizes that this clause is intended to safeguard the distinct value and reputation of the Seller's brands associated with the merchandise. If the Seller has not been informed in advance, or if the criteria stipulated above have not been satisfied, the Buyer must comply within 2 months of receiving a letter of notification setting out all the Seller's requirements relating to the sale of the merchandise on the Internet site. After the 2-month period, and if the Internet site still does not comply with the stipulated criteria, the Seller shall be entitled to terminate all business relations existing between the two parties.

## 11-Brand and advertising

The Buyer shall not behave, and shall not authorize any third parties to behave in such a manner as to damage or contradict the brands used by the Seller relating to the merchandise. In particular, the Buyer shall refrain from modifying, withdrawing or adding any element whatsoever to any brand featured on the merchandise received from the Seller, and shall not authorize any third parties to do so. Any advertising, promotional or commercial material supplied by the Seller, remains the Seller's property. The Buyer shall use the advertising, promotional or commercial material in accordance with the Seller's recommendations and shall not authorize any third parties to make use of it. Any other form of advertising used by the Buyer relating to the merchandise shall be subject to the prior written agreement of the Seller. The Buyer accepts to cease or modify, at its expense, any advertising in compliance with the Seller's instructions. Notwithstanding the Seller's consent, the Buyer undertakes to comply with current legislation for any advertising it makes relating to the merchandise.

## 12-Discounts

Any discounts granted will only be applied if the Buyer has strictly complied with our General Terms & Conditions of Sale during the entire period previous to the agreement of the discount. We reserve the right to amend, reduce or cancel any discount granted to a Buyer for a given season in the case of cancellation of orders (total or in part) concerning that season.

## 13-Governing Law - Attribution of Jurisdiction

The relations with our customers are exclusively governed by French Law.

Any dispute, with our suppliers and our customers alike, jurisdiction is exclusively attributed to the Commercial Court of Dax (France), even for any third party proceedings or in the case of multiple respondents and this notwithstanding any clauses to the contrary.

THESE TERMS & CONDITIONS ARE APPLICABLE TO ALL PRODUCTS DISTRIBUTED BY RIP CURL EUROPE S.A.S.
